*From the luggage carousels, look for signage which should read "Ground Zero" (or used to be "Level Zero") toward a large elevator and escalator. Take either of them down to Level/Ground Zero. Walk outside to the crosswalk until you come to the face/front of the garage. Do not enter the garage. From there look for a blue sign which should read "Courtesy Shuttles". At that blue sign, make a right turn and head to the last cement bench. This is where the GVR shuttle parks and picks up from.
