# ABOUT THE FOUNDATION

The WMA Foundation is a California nonprofit public benefit corporation established in 2005 to provide financial or other assistance to residents of manufactured housing communities who have been touched by disaster.

The WMA Foundation operates a fund designed to help residents who have been struck by fires, floods, earthquakes or other disasters and are in need of immediate financial assistance. The purpose of the fund is not to act as a FEMA or other governmental agency, but to respond immediately with cash assistance in their time of need.

# OUR IMPACT

WMA Foundation's disaster relief fund has made it possible to give contributions to families in urgent times of need.

Whether the disaster affects an individual family or an entire manufactured housing community, the WMA Foundation has been there with financial support. It has provided more than \$469,000 to over 1,500 families to date.

This has been possible only because of the tremendous generosity of the manufactured housing industry!

Your gift, whether large or small, will help us to continue to help meet the needs of those profoundly impacted by disaster.

You can make a difference!

# HOW YOU CAN HELP

Please help us maintain the strength of the WMA Foundation's disaster fund by sending a generous contribution.

The WMA Foundation is approved by the IRS as a 501(c)(3) charitable organization; therefore your contribution is completely tax deductible for federal income tax purposes. The tax identification number is 68-0474336.
